October 23, 2009

Greetings,

This letter is to request your consideration in supporting the Computational Neuroscience meeting (CNS), the annual meeting of the Organization for Computational Neuroscience (OCNS). This meeting, which has been held every year since 1991, has steadily grown and hosts 300-650 registrants each year from across the globe. The 2009 meeting in Berlin, Germany was attended by over 650. Since Computational Neuroscience is at the cross-roads between Experimental Neuroscience, Computer Science, Bioengineering, Physiology, Physics, Computational Biology and Psychology, the meeting has attracted scientists from a variety of scientific backgrounds employing a variety of research techniques such as computer simulations, electrophysiology, imaging, psychophysics and anatomical tracing (to name only a few).

The meeting not only provides a venue for presentation and discussion by senior-scientists but also actively offers a forum for promoting and supporting young scientists from around the world. The support for a high percentage of young scientists (postdoctoral fellows and graduate students) distinguishes our meeting from most others and the program committee and board of directors are committed to this tradition. These promising scientists are our future and those that will most likely need new equipment and services as they start their own laboratories. Your sponsorship will therefore expose your products not only to current user scientists, but also to future principal investigators just prior to launching their independent laboratories.

We offer several levels of sponsorship (see attached). We will acknowledge your sponsorship on the organization's Website ([www.cnsorg.org](http://www.cnsorg.org)) and in the program book. The sponsorship funds will be utilized in various ways including in the form of travel grants for graduate students and postdoctoral researchers who have highly ranked submissions or who are from less well funded laboratories and underrepresented countries, invitations to high-profile researchers in the field and support of prescient specialized workshops. Nonprofits may apply for an upgrade the next level of sponsorship benefits.

Information on the Organization for Computational Neurosciences and the CNS \*2010 meeting to be held in San Antonio, Texas, USA (July 24<sup>th</sup>-29<sup>th</sup>) can be found at [www.cnsorg.org](http://www.cnsorg.org). Further information for levels of sponsorship is attached.

You can contact the Sponsorship Chair or the President of the Organization for any additional information.

Sincerely,

Carmen C. Canavier, PhD  
Sponsorship Chair, OCNS.  
email: [sponsorship@cnsorg.org](mailto:sponsorship@cnsorg.org)

Ranu Jung, PhD  
President, OCNS

Organization for Computational Neurosciences  
**CNS \*2010**

Information for sponsors

We are a US based 501c(3) not-for-profit organization. Gifts and contributions can be deducted to the extent that no considerations are received.

- Level 1:** \$500      Sponsor name/logo appears in program and on webpage.  
[Total amount is deductible]
- Level 2:** \$1200      Sponsor name/logo appears in program and on webpage. Sponsor can provide a leaflet that will be placed on a table at or near the meeting entrance for the attendees to pick up.  
[\$50 is non-deductible if a leaflet is provided, otherwise total amount is deductible.]
- Level 3:** \$2000      Sponsor name/logo appears in program and on webpage. Sponsor will be provided with a small booth (has to be carefully planned with local coordinator) for the duration of the meeting. Sponsor will be provided with one name tag/registration which gives access to the main meeting, banquet and workshops.  
[\$300 is non-deductible]
- Level 4:** \$3000      Sponsor name/logo appears in program, on webpage and in the main meeting room. Sponsor will be provided with a large booth (or can provide their own booth layout) for the duration of the meeting. Sponsor will be provided with two name tags/registrations which gives access to the main meeting, banquet and workshops.  
[\$500 is non-deductible]

All amounts are in US Dollars. We offer a 15% discount for a 5 year commitment on levels II, III, and IV. For all other levels, please contact the Sponsorship chair or President. OCNS will work with sponsors for all other amounts and special circumstances. Donations are also tax deductible.

Other options:

Specific sponsorship is also possible and may include: a workshop, reception, banquet, invited speaker, best paper awards and travel grants for researchers in Asia, Africa and Latin America.

Checks should be made to "Organization for Computational Neurosciences" and should be mailed to: Ranu Jung, PhD, PO Box 874404, Tempe, AZ 85287-4404, USA.

For local sponsors, arrangements can be made with the local CNS\*2010 organizer, Charlie Wilson, PhD, [local@cnsorg.org](mailto:local@cnsorg.org).

Invoices can be obtained by emailing [sponsorship@cnsorg.org](mailto:sponsorship@cnsorg.org). Please specify the level of sponsorship offered and your full contact information. Information and a logo to be posted on the website and in the program should be emailed to [sponsorship@cnsorg.org](mailto:sponsorship@cnsorg.org).
